

Summer MEETING - New England Database User Group

Please join Discovery Training's Summer meeting of the New England Database User Group. This networking group is designed to help Raiser's Edge, Donor Perfect, FileMaker & Access users share experiences and learn more about the software from their peers.

LEAP hosts the summer meeting. LEAP is an academic and social enrichment program serving children and youth from New Haven's most challenged neighborhoods. The topic is "*Mastering Lists with Import & Export Tips*". Whether a veteran or new to the position, every attendee learns a tip or two and gains invaluable networking and best practices in database, fundraising and direct marketing from our peer table. This is a unique and powerful forum to share tips, gain candid feedback on new software & trends, and network with experts facilitated with a neutral third party -- and no sales pitch!

DATE & TIME: Thursday, August 4, 2016 from 9:00 to 11:00 AM

LOCATION: **LEAP**, 31 Jefferson Street, New Haven, (203) 773-0770
Conveniently located off of I91, Exit 4, State Street Exit. Note: Parking is limited on Jefferson Street and Grand Avenue.
